

UArizona Geriatric Psychiatry Fellowship

Our world-class Fellowship is an ACGME-certified program, offering a one-year, well-rounded intensive training experience that provides Fellows with the knowledge and crucial experience to become a Board-Certified Geriatric Psychiatrist.

In partnership with [Banner – University Medical Center Tucson](#), the [Southern Arizona VA Health Care System](#), and [Banner Alzheimer's Institute](#), our program provides critical career-specific training in all aspects of Geriatric Psychiatry including:

- Diagnosis and care of delirium, dementia, depression, and other psychiatric and behavioral conditions of late-life
- Medical issues common in older adults
- Hospital consultation
- Emergency evaluation
- Long-term care
- Inpatient care
- Outpatient mental health care
- Neuromodulation including ECT and rTMS
- Intensive education in assessment and treatment of complex neurocognitive disorders

There is a critical need for geriatric psychiatrists. With this specialized training, you will be in high demand, have great mobility, and be able to work in a variety of locations and settings. Additionally, studying with us situates you in a region with the fastest growing population of adults 65 and older.

Where you live is as important as where you study, and Tucson is a great place to live. Our Southwestern city, surrounded by the unsurpassed beauty of the [Sonoran Desert](#), is uniquely gorgeous and [culturally diverse!](#) [Tucson](#) is:

- A [UNESCO Creative City of Gastronomy](#)
- A [Top-Five Cycling City](#)
- A [Film, Music & Arts Mecca](#)
- A [Science City](#)
- A [World Festival & Event City](#)

Benefits include no overnight call, moonlighting options, an education fund and more! Learn more about our Geriatric Psychiatry Fellowship Program by scanning the QR code.
